Your Story

Thank you for sharing your story with the Grit and Resilience Program. Your story may influence the stories that are printed on the story space within Merriwa Park.

About the Merriwa Park Story Space

The Merriwa Park Story Space is a community project led and funded by the state-funded Grit and Resilience Program. It includes twelve timber story boards made from salvaged Merriwa Park red gum. The stories displayed on the boards will be curated from the stories that are submitted by people from within the Wangaratta community.

Every story helps us understand what Merriwa Park means to the people who use it and care about it. All submissions will be read by the Working Group and could influence a story board within the space. Final curation of the story boards will be made by the Grit and Resilience Consortium.

You can return this form by email, post, or drop off at Council Customer Service
